

**Mark your calendar on Saturday, May 4, 2024 for the Annual
Clean Up Day**

From 9:00 am—Noon, the City will hold its annual clean up day. The City will provide a disposal site at the Grant Town Hall in conjunction with Maroney's Sanitation. Pick up trash thrown in the roadways through the winter and dump it at Town Hall.

Clean out your garage, basement and pole barn. While dumping the trash, hear about and comment on the City Storm Water Plan. Enjoy a hot dog grilled by Mayor Jeff Huber.

Get updated recycling information and get tips for staying green and help in saving the environment. The City had a huge turn out last year and we encourage that again.

There will be a cost this year to residents that will be paid directly to Maroney's.

The cost is \$20 per car, \$30 per pickup and \$40 per trailer. For example, a pickup truck with items, towing a trailer with items is \$70.

Clean Up Day is restricted to City of Grant residents only. Please have a drivers license handy for verification.
